**DECLARATION OF COMPLIANCE TO  
CELESTICA ENVIRONMENTAL REQUIREMENTS FOR  
CHEMICALS AND CONSUMABLES  
(CELQ-033-POL-15)**

[Supplier Part Number]

[Celestica Part Number (if applicable)]

[Description]

This is to certify that the part number(s) listed above meets or exceeds all requirements mandated by the Celestica Environmental Requirements for Chemicals & Consumables Policy document (CELQ-033-POL-15).

These requirements are based on, but are not limited to, the JIG-101 standard guidelines for Material Composition reporting. Celestica intends to use the information contained in this declaration to validate the RoHS compliance of the stated part number, as per the European Union's RoHS Legislation (2002/95/EC). Correspondingly, all declared substances must be expressed in concentration term of parts per million (ppm), for each homogeneous material, where applicable.

Furthermore, Celestica requests that the declaration covers both JIG-101 Annex A and Annex B sets of Materials (please see below), as measured to the homogeneous material level as described above. At minimum, the supplier must complete all required data fields to achieve a negative declaration, *i.e.* each substance from Annex A and Annex B must be declared explicitly in the report on whether it is above or below the threshold. Celestica prefers that the respective concentration be reported for each substance present in the product, whether it is above or below the defined JIG-101 threshold.

**Materials and Substances**

The tables below reference Level A and B Materials and Substances, as indicated in the JIG-101 Material Composition Declaration Guide for Electronic Products, October 2005. This includes the materials defined in Article 4.1 of the European Directive 2002/95/EC on the restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS Directive). The last section outlines Celestica-specific requirements that are beyond those of the JIG-101 Directive.

1. ANNEX A:

<b>Material/Substance</b>	<b>Threshold Level</b>	<b>Intentionally Added and/or Above Threshold</b>	<b>If “YES” Must Provide Detailed Chemical Information and Concentration in PPM</b>
Asbestos	Intentionally added	YES / NO	
Azo colourants and dyes	Intentionally added	YES / NO	
Cadmium/Cadmium Compounds **	75 ppm or Intentionally added	YES / NO	
Hexavalent Chromium or Hexavalent Chromium Compounds **	1000 ppm or Intentionally added	YES / NO	
Lead/Lead Compounds **	1000 ppm or Intentionally added	YES / NO	
Mercury/Mercury Compounds **	1000 ppm or Intentionally added	YES / NO	
Ozone Depleting Substances (CFCs, HCFCs, HBFCs, CCl <sub>4</sub> , etc...)	Class I : Intentionally added Class II - HCFCs : 1000 ppm	YES / NO	
Polybrominated Biphenyls (PBBs) **	1000 ppm or Intentionally added	YES / NO	
Polybrominated Biphenylethers (PBDEs) **	1000 ppm or Intentionally added	YES / NO	
Polychlorinated Biphenyls (PCBs)	Intentionally added	YES / NO	
Polychlorinated Naphthalenes (more than 3 chlorine atoms)	Intentionally added	YES / NO	
Radioactive Substances	Intentionally added	YES / NO	
Short-chain Chlorinated Paraffins (Annex F JIG-101)	Intentionally added	YES / NO	
Tributyl Tin (TBT) and Triphenyl Tin (TPT)	Intentionally added	YES / NO	
Tributyl Tin Oxide (TBTO)	Intentionally added	YES / NO	

\*\* RoHS Regulated Substance

2. ANNEX B:

<b>Material/Substance</b>	<b>Threshold Level</b>	<b>Intentionally Added and/or Above Threshold</b>	<b>If “YES” Provide Detailed Chemical Information and Concentration in PPM</b>
Antimony/Antimony Compounds	1000 ppm	YES / NO	
Arsenic/Arsenic Compounds	1000 ppm	YES / NO	
Beryllium/Beryllium Compounds	1000 ppm	YES / NO	

Bismuth/Bismuth Compounds	1000 ppm	YES / NO	
Brominated Flame Retardants (other than PBB or PBDE)	1000 ppm	YES / NO	
Nickel/Nickel Compounds	1000 ppm	YES / NO	
Phthalates (Annex F of JIG-101)	1000 ppm	YES / NO	
Selenium/Selenium Compounds	1000 ppm	YES / NO	
Polyvinyl Chloride Polymer (PVC)	1000 ppm	YES / NO	

3. ADDITIONAL REQUIREMENTS:

a) Method / Data Source utilised for Declaration:

i) Information from Suppliers \_\_\_\_\_ (Y/N)

ii) In-house / External Testing \_\_\_\_\_ (Y/N)

iii) Others \_\_\_\_\_ (Y/N)

*Please specify:* \_\_\_\_\_

b) Is the product a solder material (bar/paste/wire/ball/pre-form/etc...)? \_\_\_\_\_ (Y/N)  
(For determination of RoHS 5-of-6 exemption status)

Signature: \_\_\_\_\_ Date: \_\_\_\_\_  
(Authorised Representative of [SUPPLIER NAME])

Name: \_\_\_\_\_ Phone: \_\_\_\_\_

Title: \_\_\_\_\_ E-mail: \_\_\_\_\_

**N.B. Please convert to PDF format once completed.**
